DIY mini house kits Love you all the way

## NOTICE OF ASSEMBLE

## Tips for assembling

1.Picures shown on the package may be slightly different from the actual product
2. All the materials are taken in the operation step, put the remaining materials back into
the original pocket until the installation is completed. (Avoid material loss during installation)
3.The dimensions indicated in the step diagram are "cm"
4.If there have template paper material, please cut the material according to the template to avoid mistakes.
5. According to the part rule example at the bottom of this page, refer to the part on the part number drawing, find the material object and compare with the material list, confirm and install.(Wooden parts only)
6. Glue should not be applied too much, so as not to dry longer, overflow will affect the effect of the finished product.
7..Part shapes may differ from the photographs depending on he production batch

## Product comes with tool:

1

White glue:
It dries slowly and
